

Connect with Your State Legislators

Did you know the ideal length for an email is between 50 –120 words? Make each word count with a quick email to your state legislators thanking them for continuing to provide funding for INFOhio. Below are four easy steps for contacting your state legislators.

1. Don't know your legislator's email address? Follow the link to INFOhio's [Connect with Your Legislators](#) page. Click the "Find Your Legislators" button to search for your state legislators on [The Ohio Legislature](#) website.
2. Search for your state representative and senator using your address or zip code. Select "Submit."
3. Each legislator's picture will appear.
4. Follow the link to their pages.
 - o At the top of the page, select "Contact" to generate a form to contact your state senator or state representative.

Below are some sample email messages to help you develop your own message. Personalize your email message with one of the following options.

1. Use the [Resource Cost Calculator](#) available on the [INFOhio Advocacy](#) page to share with your legislator the value of INFOhio digital resources to your school district.
2. Describe how you use INFOhio resources to support face-to-face, remote, and hybrid learning in your classroom or school library.
3. Promote student success by describing how INFOhio resources help your students develop a project or support student learning.
